

A **

Sun a new horizon breaks,
Possibilities come awake –
Garden tendrils silken threads,
Missed moments words unsaid.

Eye to eye unmistakable burning,
Emergent chance contagious yearning –
Treasured stories Eden sealed,
Calabi-Yau narrative fields.

Independent open heart,
Encouraging from the start –
Never slows the moon remembers,
Intelligence that won't surrender.

Base a system on fear and greed,
Guess she says where that'll lead –
When mankind puts self-interest first,
The planet for the sacred thirsts.
