Raining down lavender streams,  
Your own being self styled means,  
Audacious adventurous subtly bold –  
Counting on all that goes untold.

Compassionate extraordinary,  
Wilderness and sanctuary,  
Patient understanding emotional careful –  
To matter for you it's gotta' be actual.

Fervent soul in river mind mood,  
Lacey beach barefoot interlude –  
Expertise at starting things,  
Forward moving untried wings.

If Saturn could text message thee –  
Would say define the reality,  
What you'd like next to appear,  
Be assertive very clear.
