Enthusiasm for all that can be,
Lavender clouds sun setting sea –
If not now when unwound,
Wild sacred garden sound.

Radically honest love of dark,
Keeper of faith ancestral spark,
Watching at the edge all night –
Sign reader mothersight.

Moon dried tears,
Compassion filled years,
Friend of four legged winged trees –
Sense of direction narrative ease.

With you we've an outside chance,
Shoreline to promised dance –
If you would show us the path we take,
Start of the rainbow snow of swan lake.
