Wind gusts spring storm opening eyes,
Waking ground stirring skies,
Uneasy telling atmosphere –
Opt can't hold back a tear.

Galactic dream garden part,
Enthusiastic friendship from the start,
Dynamic spirit compassionate mind –
Silver rails ties that bind.

Array of brushes palette of shadow,
Sparkling shoreline shanty town sorrow,
Expectations left from yesterday –
Quantum entangled river play.

So how does saturn fit the deal ?
Says it matters whats made real –
Conceiving family on a planetary basis,
Earth home / mind the oasis.
