Sometimes someone like you happens –
Imagine wished for cascading conceptions,
Forward moving bursts of energy,
Daybreak springtime synergy.

You start things up, create beginnings –
Turning losses into winnings,
Blooming with Hyacinth possibility,
Full Magnolia capability.

There's no one can keep you down,
Tomorrow morning gone every frown –
You're a fire that can't be extinguished,
Absolutely positively distinguished.

You'll have lots of occasions to prove yourself,
Bring honesty down from the shelf –
For the forests are shrinking, oceans dying,
One and all are secretly crying.
