Yellow roses morning dew,  
Sun in favorite shades of blue –  
No mistaking what you've in mind,  
Peace Love and Earth entwined.

Radiant days watery moonlight,  
Seeing things in black and white –  
Wildly confident intensely untamed,  
Assertive intelligent courageous unnamed.

Shower of Leonids drawing heaven near,  
Moment of creation perfectly clear –  
Skip a heartbeat wondrous reality,  
Truth be told emergent humanity.

Remembering how you like to dance,  
Dream your way through circumstance –  
A savior like you exactly life's need,  
Nature your sacred blessing pleads.
