CLOUDS drift the ocean breaks,
MOTHER the child's soft hand takes,
ALONG the edge where castles melt –
PICTURE would you how she felt.

SUMMER spirit transparent moon,
SHELLS pebbles living dunes,
CREATION in a splash of sunlight –
GROWING sense things could work out right.

INEXPLICABLY confident assertive bold,
NOT going to do just anything told –
WATERY undercurrents solar will,
VENUS taught her world of skill.

FOR what matters a simple price,
LESSER values sacrifice –
SATURN suggests your life endeavor,
UNLOCK the sacred open forever.
