Madly as the sun loves earth,
Summer whispers gardens worth –
Sunday morning southern ease,
Backyard hammock shade reprise.

Inexplicable leonine confidence,
Counting on emergent Consciousness –
Candles carpets frankincense myrrh,
Gold and fantasy in magic stir.

Flash of insight being there,
Crevices only shadows dare –
Dayglow palette orange and green,
Stardust envoy defines the scene.

Yellow brush stroke field of blue,
What'd you say you wish were true?
Got to be honest regarding narratives,
For harmony sharings the imperative.
