FIREBIRD last time we called,
You left us lifted hearts enthralled –
Moderned minds ancient strands,
Nothing half-way promised land.

Skies split open hourglass stopped,
Self-deception all of it dropped –
You brought us neath epistemic level,
NATIONS borders God and the devil.

Never bothered with what they say,
Thinking for yourself found a way –
Respect equality friendship fair,
Vision of happiness too few dare.

Mesa vistas wild horses,
Eagle soaring RIVERS SOURCES –
Forever assuredly up to you,
This time make it all come true.
