White marble brilliant sunshine,
Living vortex unraveling time,
Summer noonday glorious dawn –
Inextricable from what's going on.

As in seconds the hissing flame,
Reduces the crucible to gold with no name –
Courageous bold unquenchable fire,
Is beauty still among your hearts desires?

The planetary family looks to you,
Fears doubts burning through –
Confident dignified charismatic,
Leadership that's axiomatic.

No doubt you've some garden walked,
Discretely with flowers had a talk –
Some steps you'll have already taken,
To make it clear we're not forsaken.
