

S****

Morning climbing night,
Soft crisp warm bright,
Mountains canyons sparkling water –
Golden hearted summer daughter.

Wet sands windswept dunes,
Ocean castle afternoons,
Wish starting to come true –
Loves family that you knew.

She keeps growing clearer,
Some say heaven nearer –
Prairie fire lavender skies,
Moons set suns rise.

Would you believe a magical role,
A speaking part full of soul,
Yes the spotlight turns to you –
You'll do whatever you want to do.
