Stone fireplace flickering room,
Ebonny windows mythic loom,
Kitchen table sister sight –
Talking til the morning light.

Queen Anne's lace wild buttercup,
Tender heart never gives up –
Clear about what she intends,
In her Universe everything bends.

Klee Kandinsky Mondrian walls,
Nothing half way when she calls –
Caring dependable there-for-you love,
All a kiss will ever be made of.

Angel Earth a savior needs –
Sacred thought heroic deeds,
Forgiveness cause we're sort of lost,
A timeless dance the floor across.
