End of summer late afternoon,  
Heirloom locket honest moon,  
Sapphire tiara golden ring –  
She and Venus life long fling.

Hears the chattering takes no advice,  
Her own analysis apple precise –  
Logical firm critical worried one,  
Never leaves until shes done.

She likes fitting the pieces together,  
Oust truth angel feathers –  
Sunflower heart watchful mind,  
Girl like anyone can read the signs.

Passport suggests desert scene –  
If benefiting others be what you mean,  
You'll go through walls as open doors,  
Unchain the wind we're waiting for.
