Closed window locked door,
Golden fog too distant shore,
Somehow time kept you apart –
Burning desire friendships heart.

Favorite brother lucky touch,
At home with strange and other such –
Superb host welcomed guest,
You still on that grail quest?

Seems you're always going somewhere,
Down to business extraordinaire –
Goal oriented persevering,
Inspiring active willful endearing.

In the end comes down to you,
Find a passage make it through –
Show us direction the path you know,
You're the guide which way do we go?
