

Solstice painted desert night,
Quiet expanse friendships light –
Grace from galaxies before unseen,
Returning longed for in-between.

Time stands still mountains move,
Best intentions all approve,
Reminding us who we once were –
Young romantic giving life a stir.

Surely noticed must have known,
Frogs asleep swans flown,
The fairytale not what we thought –
Except for promised find what sought.

Insight strength all ever needed,
Leadership never gone unheeded –
Times growing short so what's for real,
Behind it all / what's the deal.
