Zircon tanzanite sapphire dust,
Noyae exploding dawn to dusk,
Lightning flashing steel stare –
Friendships traveling everywhere.

Minding where this history's headed,
Shaking himself getting disembedded,
Opting out of a real bad dream –
For better idea of what life could mean.

Cello careful toward his goal,
Organized patient earthen soul –
Multi-dimensional x-ray vision,
Human being global commission.

Saturn tells you angels confide,
Key to satisfaction at your side –
Would you be the world's living savior?
Helping others altruistic behavior.
