Winding moonlight mountainsides,
Going where you need no guide –
Befriended visions cougars deer,
Diamond souled becoming clear.

Lifelong adventures fiery romance,
Sierra Nevada South of France –
Numbers to call plenty of luck,
Times tricky though nip and tuck.

Windows filled with crystal prisms,
Looking out on linguistic systems,
Ancient betrayal worked over signs –
Sees through it with a focused mind.

Here to teach us once again,
The lesson about one another's pain –
Compassion sacrifice mercy the meek,
And who turn the other cheek.
