Winding moonlight mountainsides,  
Going where you need no guide –  
Befriended visions cougars deer,  
Diamond souled becoming clear.

Lifelong adventures fiery romance,  
Sierra Nevada South of France –  
Numbers to call plenty of luck,  
Times tricky nip and tuck.

Windows filled with crystal prisms,  
Nuanced spins linguistic systems,  
Ancient betrayal worked over signs –  
See through it with a focused mind.

Here to teach us once again,  
The lesson about each others pain –  
Compassion sacrifice mercy the meek,  
And who to turn the other cheek.
