Veined lightning storied thought,
Unafraid of dues and ought –
Destination on his mind,
Keeps on searching til he finds.

Friend of all who walk swim fly,
Child like curious always why –
Distant travels never regretted,
Anthropologically disembodied.

Lucky slice of deep space,
Reliable inspired in your face,
Dark cinnamon sweet as honey –
Deadly serious joyfully funny.

Talking earth up heaven down,
Hell gates open trumpets sound –
Forgiveness healings what we need,
Not counting the cost in fact in deed.
