Winds caress the face of earth,  
Spirit of change your moments birth,  
Sweeping clouds prairie rains –  
Compassionate minded soul unnamed.

Budding goodness service kindness,  
Came here more than to remind us –  
Carrying someone else's water,  
Gardens at root reason to bother.

Answers the call given all of us,  
Taming the rapids of the Eridanus –  
Breaking the rules helping others,  
Brings the sacred from under covers.

Shanty-town hungry homesick blues,  
Everyone hoping for some good news –  
By defining clarifying our circumstance,  
Earth the children life stand a chance.
