A RIVER STORY a seagull told,
In a moment a space a fold,
Poets mind unwinding string –
Cloud changing everything.

G ENEROUS spirit helping hand,
Build you castles in the sand,
Take you where you want to go –
Worlds only wild winds know.

G IFT giver everyone sees,
Nice as anyone can be,
A human being a natural –
Making wishes actual.

J UST when the Children needed a SAVIOR,
Earth a special planetary favor –
Forgiveness and a little more...
Dance through the dream door.
