Logic reason sacred compassion,
Goodness saints angels imagine –
Evolving the possible human being,
Self aware believing is seeing.

Living history's fractal patterns,
Microtheatrical according to Saturn –
Quantum theory dream come true,
Sun the wind everyone knew.

Van Gogh riverlet windowpane,
Hair entangling driving rain –
World of hearts repairing broken,
Paris rooftop raindrops spoken.

Globe grows warmer streets colder,
Children search a father's shoulder,
Calming words revolutionary behavior –
Would you the role their magic savior?
