Wholly wind without a name,  
Never leaving the world the same –  
Been places only fairness knows,  
Side by side up mountain roads.

Enfolded in thick jungle pattern,  
Undaunted high defiant lantern –  
Turbulent air snapping branches,  
Maybe no more second chances.

Teacher student inventive quirk,  
Convinced something else might work –  
Transforming changing producing story,  
Love power heavenly glory.

If searching perfection all around,  
Tree tops to the underground,  
Patience carefulness children in hand –  
Then becomes host the promised land.
