O're pines snowflakes trees,
Wheat fields bending knees –
Wild whispering mountain streams,
Sky wide canyon dreams.

Reaching out cooperative kind,
Triune quarky up \down mind –
Inherited your earth nest,
Mothersense helpfulness.

Eagle spirit re-arranger,
Distant starlight complex stranger,
Enchanted lands lavender cloud –
Utopian phase transition crowd.

There in the shadows moonlight casts,
In friendships in future pasts,
Heavens door opens for you –
If you go deep aim real true.
