Winter ending afternoon,
Pittsburgh Tokyo Saskatoon –
Spring emerging time stands still,
Swirling evolving collective will.

Melting ice epochal themes,
Uneasy feelings crying in dreams –
Footsteps memories mist and shadow,
Cool fog choir of cello.

Mythic hero circle dance,
Possibility embedded circumstance –
Sacred pathway forest call,
Blessed if you can believe it all.

Oysters pearls roses thorns,
Guardian for a world being born –
Shelter and livelihood in dwindling supply,
Compassion and mercy await your try.
