Links ups with downs and in-betweens –
Strong minded commitment maker,
World transforming logjam breaker.

Changing this rearranging that,
Caregiver Idealist assorted hats –
Heart of kindness vows that endure,
Physical beauty Venus assures.

You've turned us on to heavens way –
We here struggling with our loads,
Lucky you come down the road.

Gently though no need to shout –
Your leadership and patience true,
All we need to bring us through.
