FROM distant mountains coral seas,
Learned of suffering bended knees –
Proverbial melody love inspired,
Waves breaking wind desired.

LATE nights cold rain,
Walking hitching hopping train,
Knows the score no complaints –
Seen devils searching forlorn saints.

TREASURES family childhood memories,
True vocation heavens emissary –
Round the fire on the beach,
Bringing paradise within reach.

WHY stay honest keep karmic balance?
Invisibilities inhabit circumstance,
Look to your dreams and coincidence –
If ever you need more evidence.
