Desolate highway winter rain,  
Walking tracks hopping train,  
Obstructions loneliness jagged canyons –  
One vision he never abandons.

Gourmet chef late night shift,  
Sign system escapee adrift –  
A bit like Jesus accused of sedition,  
Around time of the phase transition.

Been there when the going gets hard,  
Wasn't dealt a single card,  
Dogged though he won't let go –  
Father protector type you know.

Back meanwhile in the courtroom,  
The judge jury gavel boom,  
The truth and nothing but the truth –  
Your dream include the voting booth?
