

Dave

Sparkling networked winter night,
Untamed shadows lacey light –
Diamond hard tungsten fragile,
Moon wedded stardust fractal.

Sapphire mind kindness an art,
Model father penguin heart –
Meeting challenges undisguised,
Reliably by the childrens side.

Mountain morning steaming breath,
Time crawling at edge of death –
Keeps on giving his best try,
Despite the castled walls so high.

Somehow knew we need a savior,
Quite simply heroic behavior –
Someone willing to pay the price,
Yesterday tomorrow today twice.
