**N**ow crests evening silver flutes,  
Prophesied Goddess entangled roots –  
Dependable heart spiraling mind,  
Something to do forever kind.

**O**ne Earth needs at a difficult pass –  
Creator of meanings meant to last,  
Imaginative narratives jazzy solutions,  
Dignified assertive without illusions.

**C**rystal vision lucid wording,  
Snowing lightning assumptions blurring,  
Lavender diamond conversations,  
Hard rock driven to transformations.

“**O**rganize it,” says Planet Saturn,  
“Coherent 'cross the cosmic pattern –  
And every wish will surely follow,  
Be it Love or flight of swallow.”
