No need halo wings pretend,
Chains break bars bend –
Wind taught him all about free,
Transform moments to eternities.

Inventive notions complex mind,
Post-modern logic no-nonsense kind –
Mountain meadow breathtaking night,
Human agency sacred flight.

Weighing judging storylines,
Pushes separation gives connection time –
Listening helpful generous heart,
Responsibility into global art.

Saturn here insists on equality,
Peace love through fairness honesty –
Under the table stakes just doubled,
Failed solutions deeper trouble.
