**C**astled kings queens in keep,  
Quiet the forest snow white sleeps –  
Breath in vapors stretched night,  
Moonless calm twinkling light.

**A**ware each grain of sand about,  
Wild horses human doubts –  
Sustaining friendships mystery,  
Transforming goals living history.

**N**arrow mountain edgy road,  
Endless procession love in code –  
Sacred ashes jigsaw sky,  
Paradise disallowed asking why.

**“N**ot yet over,” Saturn answers,  
She loved the animals he remembers –  
Earth out of balance systems broke,  
Fairest in the mirror not yet woke.
