

Lucinda

Silver shimmering forest stream,
Moons renegade daughters dream –
Revolutionary kindness daffodil drifts,
Storytelling identity shifts.

Swapping boredom for surprise,
Changing everything watery eyes –
Ah no one knows how you're knowing,
The wind the rocks rivers flowing.

Liberating presence queen of hearts,
Rainy day lover riverboat art –
Not satisfied with de facto ghettos,
Metaphors allegories blaming shadows.

Turning your key threading coincidence,
Courting patterns mining incidents,
Truth be told lots of trust –
Honesty for you's a must.
