Sudden clouds storming horses,
Distant mesas uncharted courses –
Crackling lightning unleashed sound,
Now the stillness coming down.

hard minded every guise unseals,
Mystery clings time yields –
Shocking rocking demythologizing,
Cultures grammars reality osterizing.

Disappearing evening ends,
Reliable dependable night descends,
Friendships possibilities on the rise –
Where insights to wisdom crystalize.

Could the air get much thinner,
Spring forget to follow winter –
Blessed be you made it through,
Who else knows what to do.
