Sudden clouds storming horses,  
Distant mesas uncharted courses –  
Crackling lightning unleashed sound,  
Now the stillness coming down.

Hard minded every guise unseals,  
Mystery clings time yields –  
Shocking rocking demythologizing,  
Cultures grammars reality osterizing.

Disappearing evening ends,  
Reliable dependable night descends,  
Friendships possibilities on the rise –  
Where insights to wisdom crystalize.

Could the air get much thinner,  
Spring forget to follow winter –  
Blessed be you made it through,  
Who else knows what to do.
