Forest night moonlit shore,  
Medieval world post-modern door,  
Winter opal mountain lake –  
Dream only love can wake.

Much in the mix a saviors intentions,  
Difficulties no need to mention –  
Sometimes quiet always delightful,  
Serious fiery hard working insightful.

Every indication you like to dance,  
Date imagination engage circumstance –  
Capricious moments long lonely days,  
Reliable partner forgiving ways.

healing the planet made into art,  
Galactic theatre a speaking part –  
Remember you're magic the curtains rising,  
An improvisation wholly surprising.
