Curtain call to opening scene,  
Venus inspires intervenes –  
Oft disguised as the wind she comes,  
Whispers why how where we're from.

Aquarian deeds kindness in mind,  
Eyeing values of another kind,  
Turning assumptions inside out –  
Beautiful what she's all about.

Picture her mid dogs and birds,  
Fusing insight with encouraging words,  
Nothing immune her powers of change –  
Healthy evolutionary re-arrange.

Modest goal to better the world,  
Global village one loving swirl –  
If magic and wonder you can believe,  
So too competition can take leave.
