Pummeling snowflakes dead of night,
Spellbinding hologram sleepless lights,
River memory swirling wake –
Forever if that's what it takes.

Climbing winding forested mountains,
Off road hot springs crystal fountains –
Starry infinities dream spun eyes,
Subtle drama experienced wise.

Up the street round the block,
Sweet compassion solid rock,
Reliable strong serious cat –
Quiet touch says all of that.

Solitary spiritual stand-out chance,
Emerging out of circumstance –
If utopian justice keep in mind,
Fair goddess our nightmares unwind.
