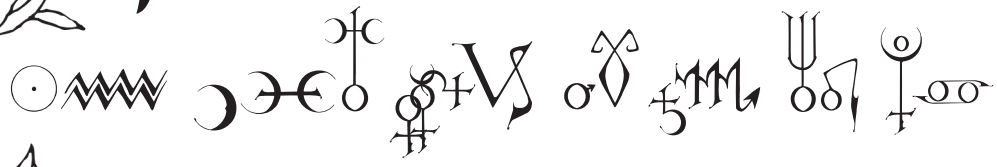
Paul



At an edge no one intended,
Competent confident independent –
How it happens God only knows,
Evergreen in sea breeze pose.

In an opening peal of thunder,
Rolling back escapeless wonder –
Changing the global paradigm,
Head strong goodness stubborn mind.

Shoulder for our broken dreams,
Showing us what serving means,
Sacred guardian Lifes in need of –
One large helping trustful Love.

A miracle's the asked for admission,
The play turns on that condition –
Acknowledging mystery inexplicable,
Believing we humans fully capable.
