

Zooney

WINTER starlight melody,
Sun and moon in syzygy –
Quiet falling snowflake hours,
Mountain meadow brookside flower.

SPIRAL staircase never ending,
Distractions doubts fears transcending,
White jade steps carved stone –
Making decisions engaged alone.

STRONG responsible persevering,
Learning nurturing caring endearing –
Crystallized thought late afternoon,
Capricious moments lakeland loon.

SEEING a pattern in history,
House rules bringing global misery,
Within the chaos redeeming order –
Can we agree time grows shorter?
