Chagall might your portrait paint,  
With brothers sisters sinners saints –  
Green with longing pull of tide,  
Home again each others eyes.

To the sea as quickly could,  
Meandering meadows trembling wood,  
Summer shadows sleepy towns –  
Autumn's train life's wedding gown.

Talking skills mind for business,  
Deck brunch sunday dress –  
Preserving tradition conceiving new,  
Weighing possibilities points of view.

Sign reader secret keeper,  
Rivers bending always deeper –  
Angels for the children fear,  
What pray tell going on down here.
