FROM possibilities to decided,
Zebras toucans lupine roadsided,
Songbirds children night sea stars –
Heaven near instead of far.

GARDEN thinks of her as daughter,
Earth fire sacred water,
Goats feeling flesh and bone –
She thinks garden her living home.

NEVER asked of you too much,
Daily bread children hushed –
Making it real compared to what,
Pathways mankinds heartbreak cut.

POWERS forces push pull,
Multiple pressures dangers full,
Sorting choices right from wrong –
Move mountains if you're strong.
