Among the stars a flying bird,
Gathered vision spoken word –
Blood flesh brain bone,
Summer soul moonlight home.

Focused rational mysteriously flowing,
Communal careful ever growing –
Delicate feelingful child of earth,
Gift of our eternal birth.

Sparkling river remembered places,
Vulnerable heart reader of faces –
In whose hands winged hope,
Spun threads ribbons rope.

Golden tomorrow talk of dawn,
As breakdown oblivion chaos yawn –
Behold the transition price,
Uncountable cost sacrifice.
