Edge of worlds sandpipers tread,
Cascading wonder silver threads,
Waves unfold morning calls –
Trove of tiny miracles.

Early on gets down to business,
Figures it out despite the mess,
Intellectually inclined revolutionary real –
Sea a shade of pearly teal.

Reasons adapts feels bleeds,
Grows teaches follows leads,
How words wish that they could name –
Mega-possibilities Antigone tame.

Active voice summer accent,
Sister aunt one mother sent –
Saturn notes an immediate must,
Cobwebs windows vacuum dust.
