TURQUOISE sky opal clouds,
Milk honey and wonder allowed –
Winding RIVER pine tree knoll,
Warm gentle vulnerable soul.

CREATES reality with eternity in it,
Broken hourglass new york minute –
Amphibian to reptile to salamander,
Rhythms of an eon calendar.

ASSERTIVE vein doesn't retreat,
Loves design goes for concrete –
Summer sun lion moon,
Get down to business afternoon.

If this place worth a second look,
Mystic forest enchanted nooks,
Dramatic strange edge of tragic –
Yours the hands can make it magic.
