Endless signs hyperspace fields,
Pathways codes rules deals –
Takes us to the MIRROR by the hand,
Then out the classroom to grandmothers land.

Loving logic meandering time,
A virtual interstate in his mind –
Sensitive compassionate points of view,
Proof of the greatness humans can do.

Writes it all down makes mental lists,
Professional conversationalist –
Rather not hassle prefers forgiving,
Lifetime editing a narrative of living.

Walking right through invisible walls,
Texting googling into cell phone calls –
Hope he's in touch watching listening,
Down here on Earth somethings missing.
