Palm trees fruits plants seeds,  
Milk flesh hunger and need –  
Human at the wishing well,  
For you its the story that you tell.

Libraries study halls sacred places,  
Skillful hands infinite faces –  
Reading parchtexts stained with tear,  
Sidewalk blood drops war for years.

Reasoning heart feelingful mind,  
Sister auntie ties that bind –  
Honesty kindness lasting forgiveness,  
Winding river business sense.

If you adapt both heart and soul,  
Groove on what can make us whole,  
Effectively communicate –  
Angels will open up the gate.
