

# GRIGORI

**A**mong the stories you incarnate,  
Shades of wonder communicate –  
Cons the paths life took,  
To give the world a second look.

**S**ign maker voicing unspeakable,  
Mind open nothing unreachable –  
Spectrum messenger sensitive raindrop,  
Moment you wish would never stop.

**F**rom back where spring and summer meet,  
Addicted to books penchant for sweets –  
Concerto for flute and harp in C,  
Reading Mozart on infinity.

**A**daptive logic courting possibility,  
Home-maker gardening ability –  
Would you help us to the other side?  
Long wished for never tried.
