SERIOUS earthling startling messenger,
Aware the hour's gotten later –
Quick handed unflinching eye,
Factual imaginative both apply.

PATHWAYS branches roots entangled,
Sees the picture from a different angle –
Recounting legends retelling stories,
Travels mythologies celestial glories.

ADAPTIVE enduring nothing usual,
Intelligently practical sweetly sensual –
Unraveling narratives perfecting reality,
Once in love doesn't give up easily.

SATURN says more than re-arranging,
What we're doing needs big time changing –
The idea of success we had in mind,
Replaced with altruism of radical kind.
