Deep a thick enchanted forest,
Place you'd pay a fortune to visit –
Envoy from the roots of creation,
To a world in need of a salutation.

Storyteller traveler cerebral navigator,
Jack of all trades gutsy communicator –
Moon in the east mind in the west,
Lightning imaginary sensually blest.

Impressive in the interview,
Adapting improvising picking up cues –
A seed bursting shell opening sound,
Sprout emerging from underground.

Got a corner on show and tell,
Magic memory serves him well –
The last letters begun my dear,
Now's the time to be absolutely clear.
